

# Britney Spears, Brave New Girl

Shes gonna pack her bags  
Shes gonna find her way  
Shes gonna get right out of this  
She dont want New York  
She dont want L.A.  
Shes gonna find that special kiss  
She dont want no sleep  
She dont want no high  
Oh, like peaches n cream  
Shes gonna wish on stars and touch the sky  
Ah, you know what I mean

She wants a good time  
No need to rewind  
She needs to really really find what she wants  
She lands on both feet  
Wont take a back seat  
Theres a brave new girl  
And shes comin out tonight

Shes gonna step outside  
Uncover her eyes  
Who knew she could feel so alive  
Her M.O.s changed  
She dont wanna behave  
Aint it good to be a brave girl tonight

Tonight, its alright  
A brave girl tonight

So she met this man  
He was kinda rough  
He said, girl, whatcha lookin for  
She said, I dont know  
I go with the flow  
He said, lets get on the floor  
He said, you look real cute with your low ride jeans  
And your pink little baby tee  
Lets get a room, girl  
Come and ride with me

She wants a good time  
No need to rewind  
She needs to really really find what she wants  
She lands on both feet  
Wont take a back seat  
Theres a brave new girl  
And shes comin' out tonight

Shes gonna step outside  
Uncover her eyes  
Who knew she could feel so alive  
Her M.O.s changed  
She dont wanna behave  
Aint it good to be a brave girl tonight

Tonight, its alright  
A brave girl tonight  
Tonight, its alright  
A brave girl tonight

[Digital:] I must keep on moving  
Who knew she could feel so alive

Shes gonna step outside  
Uncover her eyes  
Who knew she could feel so alive  
Her M.O.s changed  
She dont wanna behave  
Aint it good to be a brave girl tonight  
Tonight its alright  
A brave girl tonight

Tonight, its alright  
A brave girl tonight  
A brave girl tonight  
A brave girl tonight
