

Britney Spears, Early Mornin'

Early mornin'

Alright, I was out a little late last night

Got a little messy

Early morning

Can't be like that anymore, oh

I was shaking my ass in the streets this morning

Just walked in and it's early morning

Bump, bump till the break of dawn and

It don't stop till the early morning

Passed out on the couch I'm yawning

Just walked in and it's early morning

Bump, bump till the break of dawn and

It don't stop till the early morning

Wanna talk to a guy with dark hair

When he walked up someone grabbed him

But I liked him, told him to come here

Kinda cool

Baby, we can make plans

Where ya live

Does your mama live there

We can hook up at the hotel

Hands down so

I told him, let's go

But what happened next, guess what?

You don't wanna know

I was shaking my ass in the streets this morning

Just walked in and it's early morning

Bump, bump till the break of dawn and

It don't stop till the early morning

Passed out on the couch I'm yawning

Just walked in and it's early morning

Bump, bump till the break of dawn and

It don't stop till the early morning

Oh, in love

I went out with my girl and

We gotta give him his friends

There's something bout him that show

So I said, what the hell

Let's go

Got up, got on the dance floor

Hooked up with a guy named Joe

When the music was fast and slow

But what happened next, guess what?

You don't wanna know

I was shaking my ass in the streets this morning

Just walked in and it's early morning

Bump, bump till the break of dawn and

It don't stop till the early morning

Passed out on the couch I'm yawning

Just walked in and it's early morning

Bump, bump till the break of dawn and

It don't stop till the early morning

Call all your boys

Call all your girls

Call all your friends

Let's do it again

Let's do it again

Yes, early morning
Yes, can't keep doin' this

I'll light your fire
Your one desire
Pull on me, baby
And I'll take you higher
[Man:] I wanna get with you
You should try her
So come over here and let's go so

I was shaking my ass in the streets this morning
Just walked in and it's early morning
Bump, bump till the break of dawn and
It don't stop till the early morning
Passed out on the couch I'm yawning
Just walked in and it's early morning
Bump, bump till the break of dawn and
It don't stop till the early morning

Call all your boys
Call all your girls
Call all your friends
Let's do it again
Let's do it

Early mornin', early mornin'
