

# Britney Spears, I Love My Self

You came to me on saturday and said that I looked hot  
I agree with you baby  
Come and take me away  
From these ugly people around me  
Let me be me and then you can see  
I love myself  
I love my looks  
And I hope you love me to  
Cause then I can love you  
Everybody likes my sexy body  
They don't understand me as a cody  
But I'm cool, I'm hot, I'm everything your not  
Nananananananana  
I love my self  
I love my looks  
And I hope you love me to  
Cause then I can love you  
(repeat till fade)
