

Britney Spears, Sacred

Not a day goes by
That I don't stop
And thank the stars for you
Each time I stare in your dark eyes
I'm reminded that you were mine
The world may pass us by
But my love will always linger for you
Angels come to play in the light
Of your smile

I'm the one that will kiss you
I'm the one that will hold you
I'm the one that was there to love you
With my soul

Here forever
I maybe gone today
But you will forever be sacred
Sacred in my heart, mind and soul
Yes, you were mine

The day you came into my life
It was a natural high
Earth seemed to be a new place
With you here by my side
Your face alone can send me to tears
Joy filled my heart when you said you would always be there

Im the one that will kiss you
Im the one that will hold you
Im the one that was there to love you
With my soul

Here forever
You maybe gone today
But you will forever be sacred
Sacred in my heart, mind and soul
Yes, you were mine

Can't believe we're through
I waited for you all my life, all my life
I know for sure you were my last
But I know this love will be sacred for eternity

Here forever
You maybe gone today
But you will forever be sacred
Sacred in my heart, mind and soul
Yes, you were mine
Oh yes, you were mine
All mine
