

Britney Spears, Wake Up Girl

Dumb girl
Did you see the latest Vogue
Has it ever occurred to you
That you dont fit the latest trend

Dumb , dumb girl
Cant you see youre such a joke
When was the last time your cellphone rang
Babygirl lets not pretend

Be smart - dont try to discodance, and
Sweetheart - dont even come at all

Wake up girl
All the beautiful ones are laughing
Wake up girl
all the beautiful boys are forever taken - girl!

Dumb girl
You could always be like us
Do your boobs and a nosejob to
And dont forget about the smile

But til then
Keep a distance on the bus
Take a look at my beeper now
Thats a number not to dial
