T. Paris, MK Smith, B. Childs, J. Dee

Liplock warrior only got a story  
Her laser lies cuttin' you through  
Woman don't you waste it only wanna taste it  
No-talk session for you

Sex-ya on the red line lookin' lookin' so fine  
She's comin' again  
Struttin' down a backstreet a walk that makes you wanna eat  
Sweet-treat lover to lend for you--

Backbreak tales push you to the rails  
Angel flyin' high in the sky  
Underground terror takin her share  
Getcha baby everytime

Stadium sexpot she'll rock your sox off  
Then she's runnin' your mouth  
Listening to you  
No clue - No clout

You tell the truth you tell a lie  
Which one is it gonna be tonight?  
You tell the truth you tell a lie  
With you girl it's never black and white

Dazzle me later cut loose trader  
Lashing nuclear tongue  
Kickin' out slander losin' your gander  
Shuttin' you off you're done

Thine sensation phony aberration drinkin' up all your lies  
So cut me like a saw, love me like 2 girls and I let it slide

Never
