

# Britny Fox, Liar

B. Childs, T. Paris

Yakkin' like a hurricane, Baby  
When no one's around  
Give in big to the two time  
you wanna get me down

Droolin' out the lies  
Get the news out  
All but sell your soul  
Try to make you look good

Tell me to my face  
Liar

Stickin' everybody when you want to  
Slash 'em when their back is turned  
Stickin' in your nose where it don't go  
You're gonna have to learn

Runnin' up the bill  
On your lie phone  
All but to sell your soul  
Try to make you look good
