

# Britny Fox, Midnight Moses

Alex Harvey

Hey  
Hey, hey, hey

Underneath the green veranda  
Singin' love songs for mad maranda

They call me the midnight Moses  
Everything I touch is coming up roses

Hey  
Hey hey hey

Tell me where I'm going  
I got no way of knowin'  
I wish I was a forest ranger  
Danger danger danger

Hey,  
Hey hey hey

I had an afternoon fever  
And when I flew out to Geneva  
I just took me a notion  
To fly right across the ocean
