

Britny Fox, She's So Lonely

D. Davidson

Baby baby, love for sale you can't buy me.
You're so lonely, oooh take me on on.

Oh, oh take my hand
You said you want me in command.
Oh, oh won't you calm down.
Oh, please settle down.

Cause she's so lonely, so lonely, so lonely.
Cause she's so lonely she begged to me.
I said she's so lonely, so lonely, so lonely.
Cause she's so lonely she begged to me.

Baby, baby, oooh, switch me on on.

Our love plays like a band
Sometimes you're used by vulture hands.
Oh oh we want it now
Woa oh you need somehow.

chorus, lead, first verse, bridge 1, chorus out.
