

# Broadcast, Come On Let's Go

You won't find it by your self  
You're gonna need some help  
And you won't fail with me around  
Come on let's go

I will tell you if you change  
And who's been saying things  
It's hard to tell who is real in here  
Come on let's go

You know who to turn to  
Now everything's changed  
Come on lets go  
Stop looking for answers  
In everyone's face  
Come on let's go

What's the point in wasting time  
On people that you'll never know  
Come on let's go

When you're looking for a friend  
But it's empty at the end  
When everybody's disappeared  
You won't be alone

If you want I'll compensate  
If you over estimate  
So there's nothing left to fear  
You won't be alone  
You know who to turn to  
Now everything's changed  
Come on let's go  
Stop looking for answers  
In everyone's face  
Come on let's go

What's the point in wasting time  
On people that you'll never know  
Come on let's go
