

# Broadway Calls, So Long My Friend

This has no sense of urgency,  
This is no act of violence  
Whoa, I'm starting over  
This place has nothing for me,  
Fake friends, false sex, no money  
Whoa, I'm starting over  
He said this ship is sailing,  
and I am done explaining  
Don't break my fall I've thought it all over  
This place has nothing for me  
I think I'll try Wyoming  
Whoa, he's starting over  
Never had life handed to me,  
Fake friends, false sex, no money  
Whoa, he's starting over  
He said this ship is sailing  
and I am done explaining  
Don't break my fall I've thought it all over  
He said this ship is sailing  
and I am done explaining  
Don't break my fall I've thought it all over  
Don't break his fall he's thought it all over
