

# BROCKHAMPTON, All That

Back when we was still outside (Yeah)  
Church next door, we couldn't afford a tie  
I was only 19, I was down for the ride (Woo)  
Everything around me on my passenger side (Yeah)  
Embrace who we was, we was broke, we was live  
We would smoke, we would sigh  
We would smile just to grind  
And fightin' to survive, just to get ideas out  
When niggas was hungry, we couldn't afford big house  
Niggas was scrawny, somebody break they ribs out  
Fightin' over [?] not ours, this house  
Man, press photo with the blue couch  
Now we hate each other just to hang out

Oh, oh, oh (I know it ain't)  
All that (I know it ain't)  
All that  
Oh, oh, oh (I know it ain't)  
All that (I know it ain't)  
All that

It's all of us sittin' there in the livin' room  
I'm like, "Fuck it, yo, this what we finna do  
I can't stand seein' us not there  
On the big screen with the homies here  
We know once we get that shot  
We gon' push limits and never look back" (Yeah, uh)  
Fast-forward, everything feels backwards  
Everything went left at the BET awards  
When I decided not to show up or show support  
'Cause I was tryna go solo before we went on tour (Come on)  
Too much trauma for me to be at my highest (Come on)  
I missed Ameer so me and Dom kept fightin', mm  
He almost pushed me off the edge (Edge)  
But honestly, I shouldn't've said what I said  
I shoulda went to therapy instead  
Started to heal, that's what we all needed  
The record deal wasn't helpin' either (Come on)  
The merge deal ain't help either (Come on)  
It gave me more money for alcohol  
I guess blowin' up ain't all that at all

Oh, oh, oh (I know it ain't)  
All that (I know it ain't)  
All that  
Oh, oh, oh (I know it ain't)  
All that (I know it ain't)  
All that
