

# BROCKHAMPTON, CASH

[Chorus: Kevin Abstract]

Get money, big bands, simple bands  
Big money, big bands, simple bands  
Get money, big bands, simple bands  
Big money, big bands, simple bands  
Get money, big bands, simple bands  
Big money, big bands, simple bands  
Get money, big bands, simple bands  
Big money, big bands, simple bands

[Verse 1: Kevin Abstract]

Rollin' in my truck (Uh-huh), gotta keep it tucked (Uh-huh)  
'Cause whitey wanna fuck with some niggas like us  
Confederate flag (Uh-huh), neighbors call me "fag" (Uh-huh)  
Gotta keep it low, I keep that thang up in my bag

[Verse 2: Merlyn Wood & Kevin Abstract]

Whose society is this? Who delayed my first kiss?  
Who command my scholarship  
And kick us out our neighborhood?  
Play our music, make 'em rich, play our music, make amends  
Box us in like plantains, free all of my Africans  
There go that danger boy, danger boy!  
Nigga, I slay, nigga, I waste them, them, waste them

[Bridge: Kevin Abstract]

Oh-hoooo!  
There go that danger boy, danger boy!  
Oh-hoooo!

[Verse 3: Ameer Vann]

Niggas kill you for a dollar, listen to 'em holler  
Big blood ballers with a crown on my corner  
Crack and marijuana, slab around the corner  
Sitting low on elbows, syrup on the dashboard

[Chorus: Kevin Abstract]

Get money, big bands, simple bands  
Big money, big bands, simple bands  
Get money, big bands, simple bands  
Big money, big bands, simple bands  
Get money, big bands, simple bands  
Big money, big bands, simple bands  
Get money, big bands, simple bands  
Big money, big bands, simple bands

[Verse 4: Dom McLennon]

I got a dream I'm willing to die for  
I got a team I'll commit a crime for  
Got some dead homies I ain't get to cry for  
'Cause I'm working for my freedom, while the world cry war  
Cry wolf when the shepherd finds a way to strike gold  
'Cause the stocks gon' crash and the dollar gon' fold  
You don't know that the poor eat the rich when there's no profit  
They gave you the floor but you brought up the wrong topic  
So it's

[Outro: Joba]

Me against the world  
Me against the world  
Me against the world  
Me against the world
