

Brodie, Here And Now

Looking up at the sky on this October night,
Your hand in mine I wish that I could
Stop time and live in this moment forever.
Life...Just you and I.

If I told you that I loved you,
Would you be by my side
From now until the day I die?
Don't want to spend one more night alone.
I can't sleep without feeling
Your heart beat with mine.

Here and now,
There's nowhere else on earth I'd rather be
You're right here with me and,
Tonight in the moonlight, I look into you eyes
And I can see the future clear.

You've made me understand
Just what it means to be truly happy.
I can't imagine my life without you.
Don't know how I even got this far, baby.

If I told you that I love you,
Would you be by my side
Until the end of time?
I'm ready for the world now.
I feel like I can do anything
With your hand in mine.
