

Brodie, When I'm With You

Doesnt matter what we do just as long as I'm with you
Id do the same thing everyday
I never felt like this before
you keep me coming back for more
and you know I'm meant to stay
I think about when we first met the nite i never will forget
I couldnt keep my eyes off you
A classic case of boy meets girl
you smiled at me you changed my world
and now i feel that way times 2

will you hang out with me tonite?
im sure my day will be alright
if i see your pretty face
every second that goes by
i think of all the reasons why
my life gets better every day

When I'm with you (x10)

It doesnt matter what we do
just as long as I'm with you
I'd do the same thing everyday
i never felt like this before you keep me coming back for more
and i hope u feel the same

When I'm with you (x10)
