

Brodiepunk, Walk Away

There's nothing here, there's nothing new for me.
Should I just turn and walk away?
Or stick around and let you hang on to me
when I think I should leave today.

Should I be the one to walk away?
No, I don't really want to stay.
Should I be the one to walk away?
No, I don't really want to stay.

I talk to you, you will not listen to me.
Don't make this harder than it is.
It has come to a bitter end and
there is no turning back from this.

Now it's done, you're moving on without me.
I guess it's better off like this.
But there's times when I see you with another guy
I always question this.
