

# Broken Hearted, Heartbreaker (How Far)

The pain what keeps you  
The love that relieves you  
You didn't know something so dreamed up could be so real  
And cause such a heartache  
People said you had it coming  
But now I don't know what to think

I trusted you  
But now all I wanna know is

(Chorus)  
How far are you from where you should be?  
Because I want to help you  
So please come home  
How far are you from where you came from?  
Do you even know where you came from?  
Is it that hard to get over... a heartbreak?

The hurt that gets you  
The one that helps you  
I wanna be the one to help you up  
Not knock you down

But I can't seem to find you  
I know someone has to help you  
But you say you don't care anymore

I know you do  
And still all I need to know is

(Chorus)

Have you seen what you've done to yourself?  
Have you seen what it's done to you?  
I know the value of your lie and the part of it that's true  
But this heartbreaker just decided that she'd mess with you for a while  
And now anyone would give anything  
Just to see your... smile

(Chorus 2x)

And how far?  
Are you from home?  
Because we all want you home...  
I want you home
