

# Broken Hope, Captain Howdy

&lt;Oh, it's so nice to see you all inside my dreamy little world  
And it's so nice to be with all you lovely little boys and girls  
Make yourselves comfortable  
My place is so devine  
Don't you think I'm wonderful?  
Say yes! you're on my time

Don't try to leave the doors are locked and only I have got the key  
Forget the windows they're nailed shut and boarded up  
So you can't see  
You'll love the light show  
Oh, I'm sure you'll think it's swell  
When they go off  
Your welcome to my living hell

Stay away  
From captain howdy  
Stay away

Come here my sweet  
Let me help you with that  
There that's better

I'm overjoyed at all the games I'm playing here with you today  
But I'm so sad the party's over and we can no longer play  
You think you're going home  
To your own little bed  
But that's impossible  
You can't sleep when your dead
