Broken Social Scene, Cause = Time

You come in, check my time You've got fornication crimes I've seen your hope on television Where we've been, we were not were They've got tricycles in skirts This is a mouth that needs religion

And they all want to love the cause 'Cause they all need to be the cause They all want to fuck the cause

So take me down, down through this Kill the common law that missed This is the blood I love to share

Little pistols and companion halls Desperation tentacles I've been alone since '89

We've got a menstruating disguise They know three completes the five This is a church that should believe

And they all want to free the cause 'Cause they all need to dream a cause They all need to be a cause

You've got all and it's Pretty good but I Seem to be in disbelief

You come in, check my time You've got fornication crimes I've seen your death on television Cue immortal child like times Separation is divine Here is a strike beneath your knees

And they all want to love the cause 'Cause they all need to be the cause They all want to fuck the cause

Take me down, down through this Kill the white within the bliss Here is a waiting room That wants to save your life

And they all want to love the cause They all need to be the cause They all want to dream a cause They all need to fuck the cause
