

Brolle Jr, Heartbreak City

I was blindfolded by love
it took me for a ride
now all am thinking of
is life on the other side

gotta leave this situation
cos all my tears have run dry
a permanent vacation
and i just know that i
oh i - i just gotta get out of here
cos a'm left - behind
in heartbreak city
in heartbreak city

stayed long enough to know i don't know anything
i remember long ago
when love was a simple thing

heartbreak city
heartbreak city
just gotta get out of there...
