

Brolle Jr, Minute Man

Gettin' happy with the minute man
He'll give you love just as fast as he can
He'll give you love for a minute or two
Gettin' worried with the minute man
Leave in a hurry, just as fast as you can
He'll give you love for a minute or two

See things coming before he gets to you
He'll leave naked on the ground
Find out tomorrow, and you will be there soon
Don't ever let him bring you down

Gettin' happy with the minute man
He'll give you love just as fast as he can
He'll give you love for a minute or two
Gettin' worried with the minute man
Leave in a hurry, just as fast as you can
He'll give you love for a minute or two

Don't ever say you're sorry
Don't ever think it's true
Don't every cry while he's around you
Don't ever say you love him
It will only make you blue
Don't every let him bring you down

Gettin' happy with the minute man
He'll give you love just as fast as he can
He'll give you love for a minute or two
Gettin' worried with the minute man
Leave in a hurry, just as fast as you can
He'll give you love for a minute or two
