

Brooke Hogan, About Us

(Paul Wall:)

Boys talkin' down

On the sidelines watching wishin' they was playin' the game we playin'

But its all good though

Paul Wall Brooke what up baby

(Brooke:)

What's it do Paul Wall

Look who's talkin'

(Paul Wall:)

Ok I hear the commentators on the side chatter boxing

Paul Wall and Brooke got all the paparazzi watching

I hear them jaw japing bumping gums chasing crones

We ain't concerned with them bums we cumulating fun

Plastic wrist we got the Johnny Dang watch froze 5 kid vive yellow stone on my ear lobe

I'm squashing chatter when the light hit the pinky ring

Starch and clean white puff with the lean

See me in the new Benz 'cause I'm oh so ballin'

Or a old school slab with the 5th wheels fallin'

We got em talkin' but really they ain't saying too much

Just speculating with the gossip the truth is they don't know about us

(Brooke:)

I see your lips moving but I don't hear nothing

Everybody talking like they really know something about us

But they don't know nothing about us

I see your lips moving but I don't hear nothing

Everybody talking like they really wanna know about us

But they don't know nothing about us

(Talk to 'em Brooke)

(Brooke:)

I'm just trying to live but your all up in my grill

How's a girl to breathe with all the media starring down my mouth

With a four inch lenz I just wanna hit the mall with some of my friends

(Paul Wall:)

They talkin' bout us so I guess were doing something right

Ballin' in the mix with the camera lights shining bright

They know we caked up but they don't know how much we worth

paper posted up to the ceiling off because we getting work

(Brooke:)

Picture yourself up in my shoes

Top story in the news

Everyday its something new

Everybody's watching you

But they ain't seen nothing

They Ain't heard nothing

Everybody's just fronting its what they do

(Brooke:)

I see your lips moving but I don't hear nothing

Everybody talking like they really know something about us

But they don't know nothing about us

I see your lips moving but I don't hear nothing

Everybody talking like they really wanna know about us

But they don't know nothing about us

Stop stop stop

I'm not listening
You can save your breath
I don't wanna hear the rumors people are spreading
Why, why do people go
Out of there way
To try to bring us down
They don't know nothing about us

I see your lips moving but I don't hear nothing
Everybody talking like they really know something about us
But they don't know nothing about us
I see your lips moving but I don't hear nothing
Everybody talking like they really wanna know about us
But they don't know nothing about us
