

Brooke Valentine, Thrill Of The Chase

[Verse 1]

When were together you never ever wanna leave
And you dont know how insane youre makin me
Im really feelin you but you dont understand
Im not sure if I can settle down with just one man

[Vamp]

I dont see any ring on this finger
I dont hear any wedding bells, so

[Hook]

Quit tellin everyone in town
You and I have settled down
I love the thrill of the chase

You been followin me around
I know you really wanna settle down
But I love thrill of the chase

[Verse 2]

Now dont get me wrong, I think youre kinda fly
But I am lovin my space, I cant deny
Girls just really wanna have some fun
Livin life bein young and dumb
Im not a ho, but Ive been around
So if you cant handle it leave town

[Vamp]

I dont see any ring on this finger
I dont hear any wedding bells, so

[Hook]

Quit tellin everyone in town
You and I have settled down
I love the thrill of the chase

You been followin me around
I know you wanna settle down
But I love thrill of the chase

[Bridge]

I dont really wanna know how you feel inside
I can do what I want, its my life
I wont hide, so go ahead and cry
Boo-hoo

[Hook: 2x]

Quit tellin everyone in town
You and I have settled down
I love the thrill of the chase

You been followin me around
I know you wanna settle down
But I love thrill of the chase
