

# Brother Cane, How Long

I'll set out one day  
Maybe you will follow  
Come what may,  
oh, a glass of fear to swallow  
Got to get it over  
If black and white were blind like in a dream  
In a million years, maybe  
Maybe we'll never know, no never  
I want a chance to love whatever.....

CHORUS&#58;  
(How Long.....)  
(Tell me How Long.....)  
There's anger and bitterness here  
-Can you tell me How Long?  
How Long my brother.....Can we turn away?

No empathy

Like I'm supposed to feel some  
Through misery  
-Shut my eyes like the next one  
Never find a resolution  
Look for satisfaction  
Only see the lines that hide my face  
Locking the doors in fear together

(Repeat Chorus)  
Holding the pain inside forever

(How Long.....)  
(Tell me How Long.....)  
-Can you tell me How LongHow Long my brother.....Can we turn away?  
How can we see our way clear
