

Brown Boy, Superman

I know you're hurting right now

Don't worry

I'll be your superman (no, no)

[Chorus]

I can love you like no one can

I can be your superman (superman)

Just take my hand let's fly away

I promise I'll be there everyday

Just close your eyes let's start to fly

I'm gonna love you until I die (till I die)

Until the day of my death to my very last breath

I'm gonna love you when no ones left

Come fly with me baby

Yeah I'm the one

With the S on my chest

Forget about your ex

He don't know what love is

He just failed the test

Plus he don't treat you right

He keeps you crying all night

See, hes like your kryptonite

I came to give you their strength

So you can leave him behind

You can start all over

Just press rewind

Cause he don't understand that you're one of a kind

So sweet, so sexy and just so fine

I will fight to my death just to make you mine

I will never neglect you

Never have time to stress you

And always respect you

Girl you like a hidden treasure

And I promise to love you

From now until forever

OOO para siempre mija

Te prometo Te voy amar

Hasta la muerte

[Chorus]

I'm the type of guy

That will stand by your side

To wipe them tears when they fall from your eyes

I'm the one you hold when your nights is cold

The one that stays near to fight away your fears

You aint gotta be scared

See I put an end to your ex

No more beating you up (nuh uh)

Or pulling on your hair

See I came to save the day

A man like that should'nt treat you that way

And I don't understand why'd you take that route?

Look at yourself

Your beautiful inside and out

You need to drop that zero (uhh)

Let me swoop you off your feet

Cause I can be your superhero

Do you follow my lead?

I guarantee you baby

I'm all that you need

See, you can change your plans

All you got to do is call on me and I can be your superman

[Girl:]

Will you be by my side for the rest of my life?

For the rest of my life

Will you love me till I die?

[Chorus]
[Girl:]
No ones left
Till no ones left
Till no ones left
Gonna love you
Gonna love you
My superman
My superman
