

Brown Boy, You're The One

OooH...Your The One...Ooo Baby...Ooh...Your The One...Yeaaaah...

Now I know you were meant for me

I can tell by the way you were sent to me

From the heavens above

See you got that special love

Cause when I go to sleep I get kisses and hugs

And when I wake up your all that I'm thinking of

See your like my shining sun

No need to ask who cause you know your the one

The one for me to tell the truth baby your all that I need

Simple and Sweet

A girl like you makes my life complete

I knew it from the start you would always have my heart

Cause everytime we meet my heart skips a beat

Girl I can tell you in so many ways how much I love you

Te queiro, Te amo, I need you by my side, Mi lado

Girl you got the magic touch and I can't get enough

[Chorus]

Your the one

Baby your the one that I'm dreaming of (I'm dreaming)

Your the one baby your the one that I'm thinking of (Oooh)

[BB:] Your the one for me and I'm the one for you

I need you right next to me (right here)

I need you right here with me

So close your eyes (come on)

And baby come with me

Forget about your friends

Cill with the brown

Let the chrome just spin

Feel the breeze

I love it when your (close to me)

I can tell that your feeling me

I can tell by the way that you look at me

Tell the truth baby, you hooked on me

It's the way that I treat you

Whisper in your ear and tell you that I need you girl without you I got nothin

You in my life that really means somethin

See you my cutie pie and you know (your the reason why)

That I love you girl and I'ma rock your world

Woah

[Chorus]

Your the one

Baby your the one that I'm dreaming of (I'm dreaming)

Your the one baby your the one that I'm thinking of (Oooh)

Your the one

I don't wanna be a playa, I wanna be your man

Make you understand the good girl needs a bad boy

Cause opposites attract me and you baby we a perfect match

I'ma always have your back

Never seperate like Colby and Shaq

We will always be together

Always and forever

Through the sunny days and the bad weather

Come on baby it gets no better

What else could you want a house on the hills

Ugh uh I can't afford that

But I can give you all I have

And promise you girl that I'll never make you sad

Hold you in my arms when thing go wrong

Be your back bone when you need to stay strong

Dance with you baby to your favorite love song

See I'ma ride for you

If it came down to it girl, I would die for you

[Chorus]

Your the one
Baby your the one that I'm dreaming of (I'm dreaming)
Your the one baby your the one that I'm thinking of (Oooh)
Your the one
