

Brownstone, Don't Play Me Wrong

[Chorus]

Baby don't play me wrong
Just because I turn you on
Do me right or I'll be gone
Baby don't play me wrong

I'm looking for the right kind of guy
Someone to keep me satisfied
Players they all talk the same
But you need more than talk too in this game

[Chorus]

I'm tired of the same old thing

So show mw that you're listening
I'll teach you things you never knew
So come on baby now it's all up to you

[Chorus]

Someone who turns me on
(someone who turns me on)
Who's not afraid to get down
(Who's not afraid to get down)
Who'll treat me like a queen
(Give me a diamond ring)
And make me feel like I'm their everything
