

# Bruce Hornsby, Every Little Kiss

Way out here, working on the docks  
Everyone sees the long day through  
Now what would I do without the nights and the phone  
And the chance just to talk to you  
Oh, what would I do now  
Hey, just to talk to you, a thousand miles away, hey hey  
What I wouldn't give for only one night  
A little relief in sight  
Someday when times weren't so tight  
When the day goes down on water town  
When the sun sinks low all around  
That's when I know I, I need you now  
Yes you're what I miss, every little kiss  
Every little one, every little one

Everybody here's a number, not a name  
But I guess it's alright with me  
As I stood alone, after a long day  
In the absense of company  
Oh, I let my mind wander  
A thousand miles away hey hey

What I wouldn't give for only one night  
A little relief in sight  
Someday when times weren't so tight  
When the day goes down on water town  
When the sun sinks low all around  
That's when I know I, I need you now  
Yes you're what I miss, every little kiss  
Every little one, every little one

What I wouldn't give for only one night  
A little relief in sight  
Someday when times weren't so tight  
When the day goes down on water town  
When the sun sinks low all around  
That's when I know I, I need you now  
Yes you're what I miss, every little kiss  
Every little one, every little one

What I wouldn't give for only one night  
A little relief in sight  
Someday when times weren't so tight  
When the day goes down on water town  
When the sun sinks low all around  
That's when I know I, I need you now  
Yes you're what I miss, every little kiss  
Every little one, every little one

What I wouldn't give for only one night  
A little relief in sight  
Someday when times weren't so tight  
When the day goes down on water town  
When the sun sinks low all around  
That's when I know I, I need you now  
Yes you're what I miss, every little kiss  
Every little one, every little one
