

Bruce Springsteen, Follow That Dream

If your heart is restless from waiting too long
When you're tired and weary, and you can't go on
Well if a distant dream is a callin' you
Then there's just one thing that you can do

Yeah, you gotta follow that dream wherever that dream may lead you
You gotta follow that dream to find the love you need

Now baby, I walk in dreams
And I talk in dreams
I need someone with a love I can trust
And together we'll search for the things that come to us
In dreams, baby in dreams

And I'm gonna follow that dream wherever that dream may lead me
I'm gonna follow that dream to find the love I need

Now every man has the right to live
The right to a chance to give what he has to give
The right to fight for the things he believes
For the things that come to him in dreams

Baby in dreams, I walk in dreams
I talk in dreams
I live in dreams
