Bruce Springsteen, I Wanna Be With You

Let the frozen cities crumble, crumble and fall That's alright, I don't mind at all Let 'em all tumble right into the sea Well that's just fine, that's alright with me Since you came down the line I can't sleep at night, I got one thing on my mind That's every day, every night I wanna be with you I wanna be with you, that's what I wanna do 'Cause you're just so out of sight I wanna be with you, that's what I wanna do Now I lost my job at the Texaco station 'Cause instead of pumping gas I'd dream of you I got thrown out of my house, I got such a bad reputation 'Cause all I wanna do is be seen with you They gave me my pay and said walk I don't care what they say, go ahead and let 'em all talk

'Til the world falls apart
I wanna be with you
I wanna be with you
That's what I wanna do
Until they will rip out my heart
I wanna be with you, I wanna be with you
Well that's all I wanna do

Hold tight, love me just a little bit
Alright, a little bit more
Tonight, tonight give me just a little kiss
No I don't know, I don't know, I don't
I just can't understand it, you're not pretty at all
But I come when you whisper, I run when you call
When I see you on the street I fall on my face
I drop to my knees, I plead my case
Oh, oh I wanna be with you
I wanna be with you, that's what I wanna do
Oh, oh I wanna be with you
I wanna be with you, that's all I wanna do
Oh, oh I wanna be with you
I wanna be with you, darlin', don't you know
Oh, oh I wanna be with you
