Bruce Springsteen, Leap Of Faith

All over the world the rain was pourin
I was scratchin where it itched
Oh heartbreak and despair got nothing but boring
So I grabbed you baby like a wild pitch
It takes a leap of faith to get things going
It takes a leap of faith you gotta show some guts
It takes a leap of faith to get things going
In your heart you must trust

Now your legs were heaven your breasts were the altar Your body was the holy land You shouted "jump" but my heart faltered You laughted and said "Baby dont you understand ?"

It takes a leap of faith to get things going
It takes a leap of faith you gotta show some guts
It takes a leap of faith to get things going
In your heart you must trust

Now you were the Red Sea I was Moses I kissed you and slipped into a bed of roses The waters parted and love rushed inside I was Jesus son sanctified

Tonight the moons looking young but Im feelin younger Neath a veil of dreams sweet blessings rain Honey I can feel the first breeze of summer And in your love Im born again

It takes a leap of faith to get things going
It takes a leap of faith you gotta show some guts
It takes a leap of faith to get things going
In your heart you must trust
