Bruce Springsteen, Livin' In The Future

A letter come blowin' in on an ill wind Somethin' 'bout me and you never seein' one another again Yeah, well I knew it'd come, still I was struck deaf and dumb Like when we kissed, that taste of blood on your tongue

Don't worry, darlin' Now baby, don't you fret We're livin' in the future and None of this has happened yet Don't worry, darlin' Now baby, don't you fret We're livin' in the future and None of this has happened yet

Woke up Election Day, skies gunpowder and shades of gray Beneath a dirty sun, I whistled my time away Then just about sundown, you come walkin' through town Your boot heels clickin' like the barrel of a pistol spinnin' 'round

Don't worry, darlin' Now baby, don't you fret We're livin' in the future and None of this has happened yet Don't worry, darlin' Now baby, don't you fret We're livin' in the future and None of this has happened yet

The earth it gave away The sea rose towards the sun I opened up my heart to you It got all damaged and undone My ship Liberty sailed away on a bloody red horizon The groundskeeper opened the gates and let the wild dogs run

I'm rollin' through town, a lost cowboy at sundown Got my monkey on a leash, got my ear turned to the ground My faith's been torn asunder, tell me is that rollin' thunder Or just the sinkin' sound of somethin' righteous goin' under?

Don't worry, darlin' Now baby, don't you fret We're livin' in the future and None of this has happened yet Don't worry, darlin' Now baby, don't you fret We're livin' in the future and None of this has happened yet

None of this has happened yet None of this has happened yet None of this has happened yet None of this has happened yet
