

# Brujeria, Seis seis seis (eng)

Father forgive me for my sins  
I sold my soul to protect the baby king  
In the name of the father, son,  
and the holy spirit  
The day of the dark king is coming  
You awaken because he kicks your ass  
Six six six Six six six  
In June a very great child will be born  
The body of Christ will be useless  
Six six six Six six six  
He... you in the day and... you at night  
The devil's dick now knows you  
Six six six Six six six  
If you want to leave you have to die  
Like Ricky Ramirez he sucks your eyes out  
Meanwhile like virgin white girls' brains  
My father Satan is giving me kisses
