

Bruno Major, Tell Her

Tell her I'm sorry I missed her tonight
Tell her I asked if she's doing alright
We haven't spoken
But I can't stop saying her name
Tell her she brings out the best I can be
Tell her she floods every corner of me
Will she forgive me cos I'll never hold her to blame

Morning can break her
Evening can take her
Still she will come back around
Nothing can shake her
Repeat or replace her
And I've finally figured that out now

So tell her I know now what I should have said
But I took the words and wrote sad songs instead
I play them to strangers
But I'm always singing to her

Morning can break her
Evening can take her
Still she will come back around
Nothing can shake her
Repeat or replace her
And I've finally figured that out now

Tell her she's more than I dreamed I would find
She's always there in the back of my mind
If you should see her
Ask her if we'll work it out
Ask her if we'll work it out
Tell me that we'll work it out

Tell her I'm trying my best to move on
Tell her I realise that she's really gone
