

Bruno Mars, Like Tonight

Sometimes I wonder what Heaven feels like?
I hope it feels like tonight,
Hope it feels like tonight!
No one ever knows what tomorrow would be like,
I hope it feels like tonight,
Hope it feels like tonight!

With that look upon your face,
Baby I know what you're thinking about, oh!
You've got your lips along my body,
And I'm not gonna stop you know, oh!
You wanna take me to a place,
Where I can't control my face somehow, oh!
You know I'm down...
So boy, you gonna let me down, oh!
Oh, you got your love dripping all over me,
The only thing I can say is.. uhhu!
I don't wanna wait,
Just... my days,
It's yours, come get it, get it!

Sometimes I wonder what Heaven feels like?
I hope it feels like tonight,
Hope it feels like tonight!
No one ever knows what tomorrow would be like,
I hope it feels like tonight,
Hope it feels like tonight!

The way you're getting in,
I can tell you're not playing, no more!
I'm an angel in disguise,
With the devil as surprise for you, oh!
There is no breaking, no stopping,
Just go, go, go!
We sing... and don't take it personal!
It feels like Heaven when...
Got me screaming on the morning, oh, oh!
You've got your love tripping all over me,
The only thing I can say is uhuhu,
I don't wanna wait,
Just open up my...,
It's yours, come get it, get it uhuhu

Sometimes I wonder what Heaven feels like?
I hope it feels like tonight,
Hope it feels like tonight!
No one ever knows what tomorrow would be like,
I hope it feels like tonight,
Hope it feels like tonight!
