

Brutha, Just Being Honest

Oo yeah yeah oh no oh

I fell in lust with her far before the second dance

She had my head spun round before I even got the chance to realize how wrong I was.

[Bridge:]

I'm not asking if you would forgive this man (oh no) for being a man

(girl that's all I can be) but I'm trying to just make you understand (oh) plz understand (plz understand)

[Chorus:]

I luv you I luv you but I want her

Girli'm just being honest

I luv you (I luv you) I luv you (I luv you)

But I want her

Said I'm just being honest yea

I took her information and she took mine

(took her information and she took mine)
