Bryan Adams, Don't Let Go

(feat. Sarah McLachlan)

I can't believe this moment's come It's so incredible that we're alone There's so much to be said and done It's impossible not to be overcome Will you forgive me if I feel this way Cuz we've just met - tell me that's OK So take this feeling'n make it grow Never let it - never let it go (Dont let go of the things you believe in) You give me something that I can believe in (Dont' let go of this moment in time) Go of this moment in time (Don't let go of things that you're feeling) I can't explain the things that I'm feeling (Dont' let go) No, I won't let go

Now would you mind if I bared my soul If I came right out and said your'e beautiful Cuz there's something here I can't explain I feel I'm diving into driving rain You get my senses running wild I can't resist your sweet, sweet smile So take this feeling'n make it grow Never let it - never let it go

[Chorus:]
I've been waiting all my life
To make this moment feel so right
The feel of you just fills the night
So c'mon - just hold on tight
