Bryan Adams, Flying

If you ever feel like you're gonna fall - oh I'll be there And if you ever feel down or feel small - oh don't despair And if you ever feel lost or feel alone - babe c'mon home Let's just make love - all night Let's just hold on - so tight Let's make it last - for life I won't let you go Ya we're flying - feels just like flying We're such a long way up - from the ground Just u and me flying - so high 'n I'm never gonna come down Every time you turn around and wanna run - oh come to me When every little dream comes undone - oh don't worry Let's just make love - all night Let's just hold on - so tight Let's make it last - for life I won't let you go Ya we're flying so high and: We're never gonna come down:you and me
