

Bryan Adams, You're Awesome (from the film 'Office Race')

You work all day - not a comfortable life
9 to 5 job with no end in sight
Hit the ground running - 'n don't back down
Make a commitment - turn it around

Bite your lips - you put your hat in the ring
If ya set your mind to something - you can do anything
You can't get what u want - til u give it a try
You need a promotion - to barely get by

You're awesome - what you will achieve
You're awesome - you just gotta believe
You're awesome - every gal, every man
You're awesome - gotta give what u can

Get your gear on - turn your ear buds high
Make like the wind - gotta reach for the sky
Earn your respect - get up when ya fall
Ya gotta go the distance - cuz winner takes all

You're awesome - what you can achieve
You're awesome - you just gotta believe
You're awesome - every gal every man
You're awesome - gotta give what you can

Don't ya worry what people say - you can't please everyone
Find your direction - take your time - ya gotta get across that finish line

You're the best - you're the bomb - you're awesome
