

Bryan White, I Stand Alone

Chorus

Like every tree stands on it's own
Reaching for the sky
I stand alone
I share my world
With no one else
All by myself
I stand alone

I know the sound of each rock and stone
And I embrace what others fear
You are not to roam in this forgotten place
Just the likes of me are welcome here
Everything breathes
And I know each breath
For me it means life
For others it's death
It's perfectly balanced
Perfectly planned
More than enough for this man

Chorus

Yelling/Singing

I've seen your world with these very eyes
Don't come any closer
Don't even try
I've felt all the pain
And heard all the lies
In my world there's no compromise

Chorus

All by myself I stand alone
All by myself I stand alone
All by~ myself I~ stand alone
