

Bryan White, You Know How I Feel

Have you ever had one of those days
When you really need a friend
The day drags on and on
And you think there's no end
Then you know how I feel

Have you ever had one of those nights
When you just lie awake
Starin' at the ceiling
Until the dawn breaks
Then you know how I feel

Chorus:
If you've heard goodbye
And something inside just won't heal
If a memory won't set you free
And you know that it never will
Then you know how I feel

If you've heard goodbye
And something inside just won't heal
If a memory won't set you free
And you know that it never will
Then you know how I feel

Then you know how I feel
