

BT, Firewater

The fire in the sky...

(line spoken in Persian)

(vocalizing)

(line repeat x2 spoken in Persian)

(vocalizing)

(line repeat spoken in Persian)

It could be called alright

If we're breathing in the water

We're all sinking in the flesh

We're all covered in the fire (with an accent?!?!)

Do you ask yourself

Where am I now?

When I'm six feet down

Through the pre-shifted ground

Does the Vine we climb carry us?
