

# BT, Mercury And Solace

Awareness, the fruit of life  
Awareness and happiness  
Vibes...  
The dance never ends  
But I know you're there  
But I know you're there  
Only you are my happiness  
Memories...  
Happiness...  
Lovely voices...  
In nightfall I'll meet you  
seeds of desire absolve  
There's no going back  
I'm losing control  
As the morning creeps up  
and I'm looking for the shade  
In your embrace  
My grieving says  
Reach out for me - reach out  
Reach out for me - reach out  
I know you're... you're there  
Reach out for me - reach out  
Reach out for me - reach out  
I may go with you  
Lovely voices  
Reach out for me - reach out  
Reach out for me - reach out  
I savour every moment  
I'll savour every moment  
You're precious  
You're precious to me
