BT, Remember

I know how you feel

I'm feeling it too

I hold my heart, I dream of you

I see your face, I feel it too

Searching skies

I need you

I miss you

Take this and hold

My love for you

In separate times we think as two

In paradise I'll drown in you

Still searching skies

I need you

I want you

I know how you feel

I'm feeling it too

I hold my heart, I dream of you

I see your face, I feel it too

Searching skies

I need you

I miss you

Take this and hold

My love for you

In separate times we think as two

In paradise I'll drown in you

Still searching skies

I need you

I want you

I love you - love you

I love only you ...love you

Remember me near

There may be times when it's not right

for me to be there

But remember me near

Remember me near

There may be times when it's not right

for me to be there

But remember me near

Searching for strength

Can I face this day?

Blinded by your love we stay

You're always there - you're in my head

Still chasing skies

I need you

Oh, I miss you

Just love you, only you, only you...

I love you, I love you

I love only you ...love you

Remember me near

There may be times when it's not right

for me to be there

But remember me near

Remember me near

There may be times when it's not right

for me to be there

But remember me near

(repeat out)
