

BTS (□□□□□), Outro: Ego

i go back every day
to my of yesterday
to the life of giving up
I let myself go away
but in this world, you know
there are truths unchanged
time rushes ever forward
there's no ifs burs, or maybes
almost forgotten memories return
touch of the devil, fateful recall

I still wonder
why did they beckon again
every day ask me
guess it
whip it
repeat oh
nothing that will change, so
I lock it up again, close
how much love
how much joy
smoothe myself and stay calm, alone

I don't care
it's all
choices by my fate
so we're here
look ahead
the way is shinin'
keep goin' now

(ready set and begin)

the
way /3x
wherever my way
only
ego /3x
just trust myself!

life not of j-hope
but Joeng Ho-Seok flashes by
it must have been full of regret
whit no hope till I die
my dancing was chasing ghosts
blaming my dream
asking why I live and breathe
oh my god

time goes by
7 years of anguish come out finally
oppressions all resolved
into my heart come answers rom my most trusted

"only one hope, only one soul"
"only one smile, only one you
definite answer to the truth of the world
only one and unchanging me
right!

I don't care
it's all
choices by my fate
so we're here

look ahead
the way is shinin'
keep goin' now

(ready set and begin)

the
way /3x
wherever my way
only
ego /3x
just trust myself!

just trust myself!
way i trust
way i go
become my fate
become my core

hard it was
and said it was
still rassured and made me know myslef

MAP OF THE SOUL
