

# Bubbles, T.K.O (Knock You Out)

Knock you out down to the floor  
DJs, gonna head it get ready for more  
Knock you out, out of control  
This beat is gonna take you to a T.K.O

Everybody battle up  
I feel the base, don't you stop  
This party's gonna make you sweat  
Everybody place your bets

You won't be saved by the bell  
This place is hotter than hell

Knock you out down to the floor  
DJs, gonna head it get ready for more  
Knock you out, out of control  
This beat is gonna take you to a T.K.O

Get set, ready to go  
We're gonna rumble, to the boulevards  
Can take your corners  
Can check the score

You won't be saved by the bell  
Pray you will live to tell

Knock you out down to the floor  
DJs, gonna head it get ready for more  
Knock you out, out of control  
This beat is gonna take you to a T.K.O

You won't be saved by the bell (T.K.O)
