

# Bubbles, You Dog Me Out

So, you think you've got a lot?  
Better show me what you've got

I heard you wanna get with me  
I heard you wanna get naughty  
Under cover, be a lover  
You get what you see

Figure out that love is blind  
Innocent will make no crime  
And maybe I'm guilty  
I'm doing my time

And all the ones who used to say  
Sure that is a game you play  
Make your day, make me stay oh

Chorus:  
You dog me out  
Makes me wanna scream and shout  
Gonna put my life on hold  
Until the truth has found its hold  
You dog me out  
Make me wanna scream and shout  
If you wanna know what I'm about  
Work it out, yea  
Don't dog me out

Couldn't say it to my face  
You couldn't say she took my place  
Your sweet talk don't mean much  
Get out of my way

See if you wanna be with me (be with me)  
I'll tell you how it's gotta be (gotta be)  
Talkin' my way or the high way  
I give you the key

And all the ones who used to say  
Sure that is a game you play  
Make your day, make me stay oh oh

Chorus

So, you think you've got a lot?  
Better show me what you got

So you think you've got a lot  
Better show me what you've got  
Am I sticking in the pot  
Aha aha

Chorus
