

# Buck, Nothing Now

Over hills and over miles  
My head gets lost on Saturdays  
I take a walk around the block to see if you got back okay  
Guess I'm heading home  
I'm nothing now.

Zeroed out and zeroed in  
I like the Wednesdays when they rain  
Another day another dollar spent above the grave  
Just how should I spend my time?  
I'm nothing now

Another Tuesday come and gone

A holiday gone by  
All I want is just  
Another Friday night spent with you  
It's nothing new, I'm nothing now

Another Tuesday come and gone  
Another holiday gone by  
All I want is just  
Another Friday night spent with you  
It's nothing new, I'm nothing now
