

# Buck-O-Nine, Sappy Love Song

the perfect love song  
doesn't make you cry  
it's filled with sorrow  
and brutal goodbyes

so if she's cryin'  
you know you've done something right  
and if she hates you  
you'll sleep better at night

the perfect lover  
never holds your hand  
the perfect date feels  
just like a one night stand

the perfect girlfriend  
says this is the end  
the perfect breakup  
ends in "can we be friends?"
