

# Buck Owens, Big In Vegas

When I was young I left my home  
And went away, to Vegas  
With my guitar and my dreams,  
I had to try to play and sing, in Vegas  
But my momma told me I was wrong,  
And she begged me to stay at home  
But my will was strong and  
I had to make it big, in Vegas

Chorus:  
They'll put my name up in lights where I play,  
And the lines out in front will be long,  
I'll get a standing ovation from the people,  
When I start to sing my song,  
When I turn 'em on in Vegas

Well I've played every Honky tonk  
And smokey bar, in Vegas  
And I guess I don't have  
What it takes, for Las Vegas  
But my dreams still linger on,  
Oh, my faith is almost gone,  
But my will is strong and  
I've gotta make it big, in Vegas

Chorus:  
They'll put my name up in lights where I play,  
And the lines out in front will be long,  
I'll get a standing ovation from the people,  
When I start to sing my song,  
When I turn 'em on in Vegas

La la la la la la la la  
La la la la la la, big in Vegas.

La la la la la la la la  
La la la la la la, big in Vegas.

La la la la la la la la  
La la la la la, big in Vegas...
